GETTYSBURG TO GRADUATE CLASS OF 135

A class of 135 seniors, the largest ever to be graduated from Gettysburg high school will receive diplomas from Superintendent L. C. Keefe next Tuesday evening at commencement exercises in the school auditorium.

Awarding of the diplomas will follow presentation of a pageant of current times by members of the graduating class. Titled "V for Victory," the pageant, written and prepared by a student-faculty committee, will record stirring world events of the days since December 7 together with some of the significant events that went before.

In the closing scene a chorus of the "allied nations" summarize the pageant's central thought in a choral response:

"We shall rid the world of tyrants, Banish fear and want and greed, Make the Brotherhood of Man-kind, Our Universal Creed."

Throughout the pageant's three episodes the symbolic "V" is constantly presented in tapping Morse code signals, significant musical accompaniments, in dance figures and stage fixtures in addition to the big "V" to be cast on a screen above the stage.

In the opening scenes a lone sentry is shown soliloquizing as he walks guard at the tomb of the Unknown Soldier in Arlington cemetery. Then the Unknown Soldier responds as the war of dive bombing enemy planes is heard.

In the opening scene of the first episode, newboys with "extras" tell of Hitler's invasion of Austria. Newboys and narrators recount key events up to the time of the signing of the Atlantic Charter. That historic scene will be given one scene in the pageant, with seniors taking the roles of Roosevelt and Churchill.

Pearl Harbor The story of Pearl Harbor and the declaration of war is told by a "typical scene" in an average American home on December 8 and the voice of President Roosevelt is heard in an address to the nation. Narrators again take up the story of events that followed.

Scenes in Episode 2 show labor disputes with members of the cast in roles as Henry Ford, William Green and Philip Murray. Another scene is devoted to an exemplification of the war program of the Red Cross while a third is a view of soldiers enjoying a USO recreation center near an army camp. The work of the FBI in its fight against sabotage, and civilian defense preparations also are depicted.

Steps to be taken "for Victory" are presented in the third episode with school boys and girls, social workers and businessmen learning to adjust themselves to war-time sacrifices. That division of the pageant will close with a "drill for Victory" by representatives of the 24 Allied nations, each carrying the flag of his homeland.

ORGANIZE POLICE FIRST AID CLASS

Gettysburg's auxiliary police were organized into a class for instruction in first aid at a meeting Tuesday evening in the engine house at the call of Chief of Police Glean Guise. There are approximately 45 men assigned to auxiliary police duties in Gettysburg.

It was decided that the classes shall be held each Tuesday and Thursday evening beginning at 8 p. m. and continuing for two and a half hours until the 20-hour course of instruction is completed. The sessions will be held at the engine house. The first session will be held next Tuesday evening.

SUGAR DEMAND IS HEAVY HERE

An appeal was made late this afternoon for volunteers to assist the sugar rationing board from 9 a. m. to 3 p. m. So rushed has been the limited personnel that additional help will be required. Anyone who wishes to offer his or her services for the registration of consumers desiring sugar for preserving purposes is asked to report at the rationing board office in the Hotel Eberhart at 7 o'clock this evening for ten minutes' instructions.

Applications for additional sugar for jellies, preserves and jam were being handled at the rate of about one per minute at the office of the local rationing boards at the Hotel Eberhart this morning as the two-day period for applying for additional sugar opened.

The rationing board office was filled with applicants from Gettysburg and distant sections of the county who received sugar purchase certificates covering from one to eight pounds apiece. The sugar is being issued at the rate of one pound per person.

The office opened at 9 a. m. and will remain open until 3 p. m. for the purpose of these applications. The same hours will be observed Thursday.

Some persons who received no ration books appeared this morning and received permission to use a stated amount of sugar from their excess supply for preserving. Persons who have ration books are required to present them when they apply for additional grants so that the number of pounds of sugar owned by each person or each family unit can be determined.

URGE CLEARING HOUSE TO HELP MOVE CARGOES

Establishment of clearing houses for the shipment of freight has been suggested by the truckers of Adams and Franklin counties as a means of compliance with a recent order issued by the Office of Defense Transportation.

The truckers' suggestion resulted from a meeting Tuesday evening in the fire engine house here. About 60 persons—including common, contract and local carriers and shippers—attended the meeting. H. Earl Pitzer, chairman of the Adams-Franklin common carriers of the liaison committee of the O.D.T., presided.

Can't Drive Empty The order that held the attention of the carriers Tuesday evening provides that outgoing loads must be 100 per cent capacity and that return trips must be 70 per cent of capacity. On return trips trucks also are not permitted to drive more than 15 miles to pick-up a load of freight. The order is scheduled to become effective on June 1.

It was emphasized at the meeting that the purpose of the general order is to conserve tires.

The carriers were of the opinion that if clearing houses were established in the metropolitan areas, as well as the rural sections, information concerning freight shipments would be available without making the trucker travel unnecessary distances to secure his return load.

County Committee Mr. Pitzer will take the suggestions of the truckers of Adams and Franklin counties to a meeting in Philadelphia on Thursday when O.D.T. officials expect to establish a system whereby operations will be conducted under the order. On Monday evening, June 1, at 8 o'clock Mr. Pitzer will explain the O.D.T. plans at a meeting for common carriers to be held in the Chamber of Commerce room, Lincolnway West, Chambersburg.

In addition to Mr. Pitzer, other members of the liaison committee for Adams county include Cletus Mummert, of East Berlin, for the contract carriers, and Paul B. Shealer, of Gettysburg, for the local carriers.

\$40,000 TO BE SPENT TO LURE VACATIONISTS

The Pennsylvania Department of Commerce proposes to spend \$40,000 in a promotion and advertising campaign within an adjacent area to encourage vacationists to come to this state, Gettysburg Chamber of Commerce members were informed at their Tuesday evening's dinner meeting by Henry M. Scharf, member of the Advisory Committee of the department.

This money will be spent in newspapers and magazines between now and November and Gettysburg will be featured as an attractive objective for vacationists. Mr. Scharf stated.

Attention was called to recent display advertisements, sponsored by the Commerce department, and appearing in metropolitan dailies encouraging Memorial Day travel to Gettysburg. Featured in the display were two illustrations from the Gettysburg Battlefield.

Mark Parking Areas Mr. Scharf announced that Mark S. James, secretary of the Department of Commerce had sent a special photographer to Gettysburg "to secure the best possible photographs to be used as illustrations in the display advertisements." More than a dozen large photographs were exhibited to the members showing new views of battlefields scenes. The Chamber was urged to purchase additional glossy prints of the pictures for promotion material out of the local office.

Edmund W. Thomas, chairman of the Adams county committee for the sale of war bonds and stamps, told of the forthcoming drive to be made by retailers to sell war bonds and stamps. A fifteen-minute suspension of business on July 1st is planned during which merchants will devote that time to sell bonds and stamps. Gettysburg merchants will cooperate in this government request.

Trespass Action Is Filed Tuesday

Wayne M. Wiley, RFC employee from Arlington, Virginia, on Tuesday afternoon through his attorneys filed a trespass action against William M. McCutcheon, Pittsburgh, and James J. Dougherty, McKeesport, for damages he claims to have suffered as a result of an automobile collision on the Harrisburg road, a half mile south of York Springs, after the afternoon of March 5, 1941.

Wiley was a passenger in the McCutcheon car enroute from Danville, Pa., to Washington, D. C., and Dougherty was the operator of the other car involved, according to the statement of claim, which accuses both drivers of negligence. Wiley suffered a fractured skull and other injuries in the mishap.

The defendants have 15 days in which to file affidavits of defense.

NAZI INVADERS ARE UNABLE TO BREAK THROUGH

[By The Associated Press] Soviet front-line dispatches reported today that Marshal Semeon Timoshenko's armies had smothered part of the German offensive 80 miles below Kharkov, while the German High Command asserted that the resistance of Russian troops encircled in the same critical sector "has been broken."

Red Star, the Soviet Army newspaper, said tank-led Russian infantry, attacking under cover of an artillery barrage, had captured the slope of a hill dominating the battle zone and were now fighting at the gates of a village several miles from their starting point.

Red Star said two Nazi counterattacks failed to halt the advance. Soviet reports said the German push was stopped along a river bend where Russian troops (apparently encircled) were described as now enlarging a pocket.

"Immense Losses" Red Star declared the Germans were suffering "immense losses" in tank battles flaring in many sectors of the 125-mile battle zone, with the Russians matching attacks by Nazi squadrons of 20 to 30 tanks each.

Accounts of the 16-day-old battle were in sharp conflict. Moscow reports via Stockholm said counter-attacking Soviet troops had stopped the main German offensive, with the Red armies advancing in "an important sector."

Meanwhile, London diplomatic quarters noted multiplying signs that the Axis was preparing a formidable land and naval move in the Mediterranean.

Speculation centered on the possibility that Adolf Hitler was planning synchronized drives into the Middle East from three directions.

1. From the Crimea, or Rostov-on-Don through the Caucasus.

2. From North Africa into Egypt.

3. Across the Mediterranean from Crete, Greece, and the Dodecanese islands.

German parachute troops were reported training in Crete, and strong Italian garrisons are stationed in Greece and the Dodecanese islands to support any trans-Mediterranean thrust.

Omens of a gathering new storm included:

1. British Middle East headquarters reported that Field Marshal Erwin Rommel's North African armies were on the move again, with strong Axis troops and tank columns advancing toward the main British defense lines.

Simultaneously, the Italian High Command reported intense air activity over the Libyan desert battle theater—a familiar prelude to an offensive.

2. Reports of an Axis squeeze on France to gain control of the immobilized French fleet.

3. Premier Pierre Laval's discussions with his naval chiefs-tains.

4. Reports that 300,000 Italian troops were massing along the French border, ready to back up Italy's demand upon France for Tunisia, Corsica and Nice.

SUGAR DEMAND IS HEAVY HERE

An appeal was made late this afternoon for volunteers to assist the sugar rationing board from 9 a. m. to 3 p. m. So rushed has been the limited personnel that additional help will be required. Anyone who wishes to offer his or her services for the registration of consumers desiring sugar for preserving purposes is asked to report at the rationing board office in the Hotel Eberhart at 7 o'clock this evening for ten minutes' instructions.

Applications for additional sugar for jellies, preserves and jam were being handled at the rate of about one per minute at the office of the local rationing boards at the Hotel Eberhart this morning as the two-day period for applying for additional sugar opened.

The rationing board office was filled with applicants from Gettysburg and distant sections of the county who received sugar purchase certificates covering from one to eight pounds apiece. The sugar is being issued at the rate of one pound per person.

The office opened at 9 a. m. and will remain open until 3 p. m. for the purpose of these applications. The same hours will be observed Thursday.

Some persons who received no ration books appeared this morning and received permission to use a stated amount of sugar from their excess supply for preserving. Persons who have ration books are required to present them when they apply for additional grants so that the number of pounds of sugar owned by each person or each family unit can be determined.

Sheriff Closes Cross Keys Inn

Cross Keys inn, east of New Oxford on the Lincoln highway, was closed again Tuesday afternoon when the sheriff's office took possession and posted sheriff's sale notices for Saturday, June 6.

The levy was made on three writs of execution issued out of the office of Prothonotary Lee M. Hartman at the court house on claims filed by C. H. Bittinger, Berwick township. They totaled \$4,565.

Only the personal property has been levied upon at the inn which has been operating for the last several months. It was closed for months during bankruptcy proceedings during 1941 and did not reopen until early this year.

H. W. Shutz has been operating the establishment.

URGENT CLEARING HOUSE TO HELP MOVE CARGOES

Establishment of clearing houses for the shipment of freight has been suggested by the truckers of Adams and Franklin counties as a means of compliance with a recent order issued by the Office of Defense Transportation.

The truckers' suggestion resulted from a meeting Tuesday evening in the fire engine house here. About 60 persons—including common, contract and local carriers and shippers—attended the meeting. H. Earl Pitzer, of Biglerville, chairman of the Adams-Franklin common carriers of the liaison committee of the O.D.T., presided.

Can't Drive Empty

The order that held the attention of the carriers Tuesday evening provides that outgoing loads must be 100 per cent capacity and that return trips must be 70 per cent of capacity. On return trips truckers also are not permitted to drive more than 15 miles to pick-up a load of freight. The order is scheduled to become effective on June 1.

It was emphasized at the meeting that the purpose of the general order is to conserve tires.

The carriers were of the opinion that if clearing houses were established in the metropolitan, as well as the rural sections, information concerning freight shipments would be available without making the trucker travel unnecessary distances to secure his return load.

County Committee

Mr. Pitzer will take the suggestions of the truckers of Adams and Franklin counties to a meeting in Philadelphia on Thursday when O.D.T. officials expect to establish a system whereby operations will be conducted under the order. On Monday evening, June 1, at 8 o'clock Mr. Pitzer will explain the O.D.T. plans at a meeting for common truckers to be held in the Chamber of Commerce room, Lincolnway West, Chambersburg.

In addition to Mr. Pitzer, other members of the liaison committee for Adams county include Cletus Mummert, of East Berlin, for the contract carriers, and Paul B. Shearer, of Gettysburg, for the local carriers.

\$40,000 TO BE SPENT TO LURE VACATIONISTS

The Pennsylvania Department of Commerce proposes to spend \$40,000 in a promotion and advertising campaign within an adjacent area to encourage vacationists to come to this state, Gettysburg Chamber of Commerce members were informed at their Tuesday evening's dinner meeting by Henry M. Scharf, member of the Advisory Committee of the department.

This money will be spent in newspapers and magazines between now and November and Gettysburg will be featured as an attractive objective for vacationists, Mr. Scharf stated.

Attention was called to recent display advertisements, sponsored by the Commerce department, and appearing in metropolitan dailies encouraging Memorial Day travel to Gettysburg. Featured in the display were two illustrations from the Gettysburg Battlefield.

Mark Parking Areas

Mr. Scharf announced that Mark S. James, secretary of the Department of Commerce had sent a special photographer to Gettysburg "to secure the best possible photographs to be used as illustrations in the display advertisements." More than a dozen large photographs were exhibited to the members showing new views of battlefield scenes. The Chamber was urged to purchase additional glossy prints of the pictures for promotion material out of the local office.

Edmund W. Thomas, chairman of the Adams county committee for the sale of war bonds and stamps, told of the forthcoming drive to be made by retailers to sell war bonds and stamps. A fifteen-minute suspension of business on July 1st is planned during which merchants will devote that time to sell bonds and stamps. Gettysburg merchants will cooperate in this government request.

NAZI INVADERS ARE UNABLE TO BREAK THROUGH

[By The Associated Press]

Soviet front-line dispatches reported today that Marshal Semeon Timoshenko's armies had smothered part of the German offensive 80 miles below Kharkov, while the German High Command asserted that the resistance of Russian troops encircled in the same critical sector "has been broken."

Red Star, the Soviet Army newspaper, said tank-led Russian infantry, attacking under cover of an artillery barrage, had captured the slope of a hill dominating the battle zone and were now fighting at the gates of a village several miles from their starting point.

Red Star said two Nazi counter-attacks failed to halt the advance. Soviet reports said the German push was stopped along a river bend where Russian troops (apparently encircled) were described as now enlarging a pocket.

"Immense Losses"

Red Star declared the Germans were suffering "immense losses" in tank battles flaring in many sectors of the 125-mile battle zone, with the Russians matching attacks by Nazi squadrons of 20 to 30 tanks each.

Accounts of the 16-day-old battle were in sharp conflict.

Moscow reports via Stockholm said counter-attacking Soviet troops had stopped the main German offensive, with the Red armies advancing in "an important sector."

Meanwhile, London diplomatic quarters noted multiplying signs that the Axis was preparing a formidable land and naval move in the Mediterranean.

Speculation centered on the possibility that Adolf Hitler was planning synchronized drives into the Middle East from three directions.

1. From the Crimea or Rostov-on-Don through the Caucasus.
2. From North Africa into Egypt.
3. Across the Mediterranean from Crete, Greece, and the Dodecanese islands.

Train Parachutists

German parachute troops were reported training in Crete, and strong Italian garrisons are stationed in Greece and the Dodecanese islands to support any trans-Mediterranean thrust.

Omens of a gathering new storm included:

1. British Middle East headquarters reported that Field Marshal Erwin Rommel's North African armies were on the move again, with strong Axis troop and tank columns advancing toward the main British defense lines.
2. Simultaneously, the Italian High Command reported intense air activity over the Libyan desert battle theater—a familiar prelude to an offensive.
3. Reports of an Axis squeeze on France to gain control of the immobilized French fleet.
4. Premier Pierre Laval's discussions with his naval chiefs.
5. Reports that 300,000 Italian troops were massing along the French border, ready to back up Italy's demand upon France for Tunisia, Corsica and Nice.

RADIO PROGRAMS

New York, May 26 (Wide World)
—The newest addition to the list of war programs, "This Is Your Enemy," seeks to reveal in as plain language as the microphone permits some of the things that take place under Nazi sanction. The first program dealt with the treatment of women in both Germany and Poland.

Produced on MBS under auspices of the War Production Board in replacement for the "Keep 'Em Rolling" series, the opener, as it came from the loudspeakers, gave evidence of having been carefully prepared. Drama, narration and a guest commentator all were blended in the hope of impressing the listener with the extremes of the Nazi system. Next Sunday night another angle will be taken up.

TAX NOTES RETIRED

Harrisburg, May 26 (AP)—An issue of \$45,000,000 "RT" series tax anticipation notes will be retired May 31. Auditor General F. Clair Ross announced today, leaving \$90,000,000 of "RT" notes outstanding. The securities are issued to obtain funds for state government activities pending collection of taxes.

WINS PROMOTION

Honolulu, May 26 (AP)—Major Gordon H. Austin of Scranton, Pa., and eight other Army Air Corps majors have been promoted to Lieutenant colonels. Major General Clarence L. Tinker, commanding officer of the Army Air units in the Hawaiian islands, said the average age of the nine is 28 years.

The Lehigh On A Rampage

The normally serene Lehigh river, fed by heavy recent rains, churned into an ugly rapids that destroyed property including big industrial plants along the Easton-Bethlehem-Allentown area. Here the river races through Easton.

Charges Politicos Get Machine Graft

Pittsburgh, May 26 (AP)—Attorney John F. Gloeckner, counsel for the Polish National Alliance of New Kensington, declared at a liquor board hearing Monday "Westmoreland county is honeycombed with slot machines because politicians there get the graft."

The club was cited for the operation of two slot machines, which a board examiner said earned \$2,049 for the club in an 11-month period. The examiner said the club received 50 per cent of the machines' earnings.

Charles Koscianski, financial secretary of the club, said the organization did not install its own machines because, "we would be raided right away." He added:

"Those machines have been there a good many years off and on. They are still there. We don't have a lot to say about that. If we had our own machines we would be arrested."

JAMES STICKS TO TRANSEAU

Harrisburg, May 26 (AP)—The next move in a dispute with Governor James over appointment of a Pennsylvania was left up to Federal officials today.

James declined flatly to submit to Price Administrator Leon Henderson a list of five names from which to pick an administrator and insisted the present director, T. Elmer Transeau, be retained.

Headquarters will be transferred from Harrisburg to Philadelphia when the permanent rationing organization is completed.

Henderson asked James last April 20 to have the state defense council—which the Governor heads—suggest five men for the \$7,500 a year job. He promised to give "great weight" to James' recommendation of Transeau but added policy required the choice be made from a panel of names.

Work Satisfactory

Transeau has been in charge of the state setup since his beginning last January, supervising the rationing of automobiles, tires, sugar and gasoline. He declined to comment on the dispute.

James said, in correspondence he made public yesterday, that the defense council is "completely satisfied" with Transeau's work and that "he alone by nature of the newness of price control and rationing has had experience in this field."

This brought a renewal of Henderson's demand for additional names, to which the Governor replied:

"In view of my own responsibilities, coupled with the repeated expressions of confidence made by the State Council of defense in our present rationing administrator, plus his outstanding record in this work, I do not think it advisable for me to make any recommendation for state director other than that of Mr. T. Elmer Transeau."

DAVIS PEEVED BECAUSE MANY DID NOT VOTE

Philadelphia, May 26 (AP)—U. S. Senator James J. Davis, defeated candidate for the Republican gubernatorial nomination, says Pennsylvanians "certainly gave support" in last week's primary election "to statements of Hitler and Mussolini that Americans don't vote."

"Here you are in a war, spending billions and fighting for your basic right to vote, and you don't vote," Davis declared last night at the annual banquet of the Pennsylvania Association of Township commissioners.

"What's the difference between elections controlled by money and elections controlled by dictators? That's the way it went in Germany—first inflation, then rich men sending billions to control elections then dictatorship."

It was Davis' first public appearance since Major General Edward Martin defeated him for the nomination—the first defeat in his long political career.

Davis was asked if he would support General Martin in the general election in November. His only comment was:

"You didn't ask me that question."

Dr. A. C. Marks, executive director of the Pennsylvania Council for Defense, told the commissioners that a "well-organized fifth column" is waiting to swing into action in America with the first enemy air attack.

FEVER BLAMED FOR DEATH

Philadelphia, May 26 (AP)—Coroner Herbert M. Goddard reported three separate investigations had established definitely that paratyphoid fever, and not tainted food, caused the death of two members of a south Philadelphia family last week. Spoiled food at first was believed to have killed Joseph Reifer, 15, and his brother, Kenneth, 6. Two other members of the family were ill with the disease but have recovered, Dr. Goddard said.

BABY OF 3 HOURS REGISTERS

Lancaster, Pa., May 26 (AP)—Shelia Arter was only three hours old when she was registered for a sugar rationing book. Her father, Chester, had bought her a war savings bond before she was an hour old. "We were sort of holding back for the event," Arters explained.

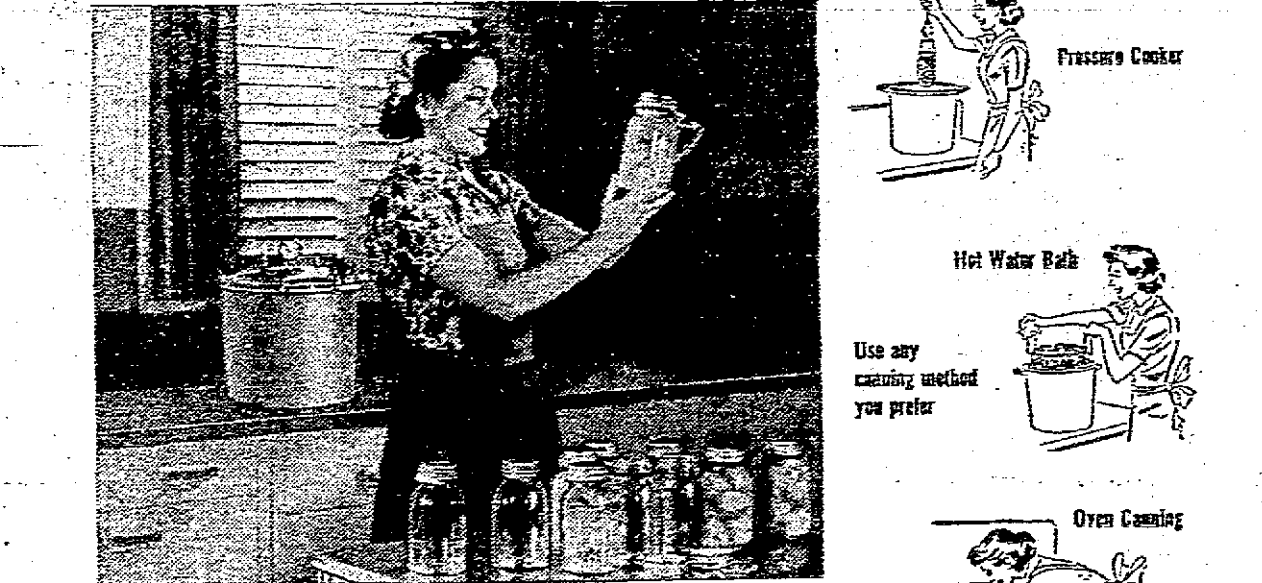

Security Salesman Gets Jail Sentence

Pittsburgh, May 26 (AP)—William Johann Adams was sentenced to four to eight years in prison and fined \$1,500 after he pleaded guilty in county court to charges of violating the Pennsylvania Securities Act by selling securities without bond or state license.

Adams, a German alien, also pleaded guilty to fraudulent conversion.

Chief Allegheny county detective Charles Leith said Adams acted as an agent for persons sending money to relatives in Germany and that he demanded additional money from them on the pretense that the German government would confiscate funds previously sent unless German bonds were purchased.

PREDICT VAST PRE-INVASION AIR ASSAULT

London, May 27 (AP)—Lieut. Gen. Brehon B. Somervell arrived here today to round out the United States Military mission conferring with British war chiefs, and London commentators predicted a united air assault was planned to blast the way for a future Allied landing on the German-occupied continental coast.

General Somervell is assistant chief of staff of the United States Army heading the supply division, which is charged with handling the thousands of tons of food, clothing and munitions needed to keep any major expeditionary force in the field.

Brigadier General Leroy Lutes, Charles P. Gross and William C. Lee accompanied him.

Plans for a combined anglo-American attack on the Axis powers are being discussed," the Daily Telegraph said. "It can confidently be predicted that one outcome will be a great intensification of the air attack on Germany from the west."

The Daily Mail said a liaison system "which both the United States and the RAF have stated to be 'wholly acceptable' has been drawn up," providing for separate operation of the air fleets, but coordination in strategy such as the selection of bombing targets.

The Daily Express said "the Americans have numbers of dive-bombers," which many military experts regard as essential to furnish close support for any ground operations in modern war. Britain has few such planes.

Hold Conference

The United States officers conferred with the corresponding officers in Britain's air, sea and land services.

The American mission is headed by Lieut. Gen. Henry H. Arnold, head of the Army Air forces, and Rear Admiral John T. Towers, chief of naval aeronautics.

Other members include Maj. Gen. Wight D. Eisenhower, head of the operations division of the War department general staff, and Maj. Gen. Mark W. Clark, chief of staff of the Army ground forces. The arrival of this group was disclosed in London yesterday.

MARRIAGE LICENSES

Marriage licenses have been issued at the court house here to these couples: James Corbett Martin, Cumberland, Maryland, son of Mr. and Mrs. Daniel Howard Martin, Indiana, Pa., and Dorothy Orr Walton, daughter of Mrs. Richard C. Walton, Biglerville.

Carl Orville Taylor, son of Mr. and Mrs. Edward J. Taylor, Bendersville, and Zelma Elizabeth Kline, Biglerville R. 1, daughter of the late Mr. and Mrs. Parker W. Kline.

William Paul Peeser, son of Mr. and Mrs. Paul R. Peeser, Hanover, and Edith Rosella Griffin, daughter of Mr. and Mrs. Glenn M. Griffin, New Oxford R. 1.

Yosuke Matsuoaka, Japanese statesman, is a graduate of the Oregon Law School.

Spud Krist, Cardinal Relief Hurler, Registers 15th Win In Four Seasons

BRAVES BEAT GIANTS; KEEP SECOND PLACE

By JUDSON BAILEY
(By The Associated Press)

It is high time for someone to introduce Howard (Spud) Krist to the major league public because his pitching record for the St. Louis Cardinals is one of the most remarkable in the big show—15 victories and one defeat spread over four seasons.

The tall right-hander was overlooked last year when everybody was agog about Whit Wyatt, Kirby Higbe, Thornton Lee, the comeback of Lefty Gomez and the promise of Howie Pollet, but Krist won 10 games without a loss in 1941 and he has won two more without a setback this season.

Krist's speciality is relief and it was in this role that he earned his second success yesterday as the Cardinals curbed the Chicago Cubs 3-1 in ten innings.

Hurler's Duel
For seven scoreless innings the game was a pitching struggle between Max Lanier and Vern Olsen, making his first start since breaking two fingers on his pitching hand during the Cubs' spring training.

Terry Moore broke the spell with a homer in the eighth and the Cubs came roaring back in the ninth to tie the score.

Three men singled, one run was in and two were out when Krist stroled to the mound. He promptly forced Olsen to pop to shortstop Martin Marion. Then in the tenth Enos Slaughter and Coaker Triplett knocked in two St. Louis runs and Krist checked the Cubs although giving up a single and a walk.

In the day's only other National league game the Boston Braves retained their grip on second place by turning back the New York Giants 4-2 on the six-hit hurling of Al Javery.

Three of Boston's runs were scored in the first two innings off Lefty Cliff Melton, who had beaten the Braves three times last year and twice this spring without a setback. Eddie Miller and Nanny Fernandez worked a double seal that scored Miller in the first inning and in the second Chet Ross homered and Miller drove in another run with one of his three singles of the afternoon.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
Wide World Feature

New York, May 27.—Baseball's big wartime test may be the twilight All-Star game here July 6. . . . If that doesn't draw a crowd, the ball clubs might as well figure on going on a week-end basis for the duration. . . . So far the customers have been turning out in great numbers on Sundays but even the Army-Navy relief games haven't pulled them in week-days except in Brooklyn. . . . Cleveland, out to beat the Dodgers' mark after a big newspaper buildup, drew only 7,959 last Monday and St. Louis did about the same. . . . Maybe this only proves that most folks are too busy working to win the war to take time off from their jobs to see ball games, but it also proves that there's a condition that the clubs will have to face. . . . P. S.: Did you notice the Dodgers and Phils played their twilight game in 1:28?

Apparently the way to make ball players hustle is to delay their dinners.

MATHEMATICS EXAM
Fred Hunter, the Red Sox scout, reports that ball players in the Big Ten are getting entirely too good at figures since they heard about the bonus Dick Wakefield got for signing with the Tigers. . . . Recently one kid he approached demanded \$15,000 for his signature and at the same time admitted he didn't know whether he could make the grade on the Sox Piedmont league farm.

Hunter asked how come, and the boy explained: "Well, the Detroit club gave Wakefield \$45,000 and I think I'm a third as good a ball player as he is."

SPORTSMENTION
Since Buck McCormick's consecutive game streak has been ended, the longest continuing string in the National league is Danny Litwhiler's 177 games. . . . Joey Haddad, the Paterson, New Jersey, puncher, has won 25 fights by knockouts and claims he never yet has hit a guy on the chin; he did it all with body punches. . . . Doug Peden, the six-day bike rider, is playing baseball with the Hutchinson (Kans.) club of the Western association.

Tommy Phillips, Berea (O.) high school grid star, has been approached by 42 colleges and only one suggested that he might have to work at something besides ball carrying. . . . It was Lieut. (JG) Whitley Fuller, the former Dartmouth tub thumper, who interested Ted Williams in joining the naval aviation.

TODAY'S GUEST STAR
Tommy Tucker, Cleveland News: "Shangri-la? Shucks, every baseball fan here knows where that is. It's the place from which Cleveland gets American league pennants."

SERVICE DEPT.
According to his wife, Capt. Hewitt Wheelless, the filer recently cited by the President for heroism was just a pretty good quarterback for a 145-pounder when he played for the University of Texas, but his best sport is poker. . . . Bob Hoolahan of Manhattan, the last guy to win the I.C. 4-A indoor mile title before Les MacMillen got the habit, is awaiting appointment as an air corps cadet at Fort Bragg, North Carolina. He already has passed the exams. . . . Dale Jones, one of the Tigers farmhands set free by Judge Landis a couple of years ago, has organized a ball team at the Detroit Navy Recruiting Office and is looking for games. . . . Bob Adkins, who played quarterback for Green Bay in the playoff against the Chicago Bears last November, has reached Australia with a hospital unit and Smiley Johnson, guard, is in Hawaii with the marines. . . . Speedy guys, those Packers.

LAST LAUGH
Down at the P.G.A. tournament, Corp. Vic Ghezzi encountered Sam Snead, who will go into the Navy right after the affair ends. . . . Vic remarked, "Sam, Gene Sarazen wanted you to go to Australia two years ago for a \$5,000 guarantee. You didn't take it. Now it looks as if you will go there for nothing."

SNEAD VS BYRD GOLF MATCH IS FEATURE OF PGA

By GAYLE TALBOT

Atlantic City, May 27 (AP)—Sixteen exhausting 36-hole matches were scheduled today in the opening round of the Professional Golfers Association championship at the Sea View club, but about nine-tenths of the interest was concentrated on one battle—Sammy Snead vs. Sammy Byrd.

It promised to be a danger. In fact, it was such a "natural" that both players and paying customers spent far into last night wondering why the tournament committee matched the pair at the outset of a tournament that will not end until Sunday.

Byrd is the former Yankee outfielder who quit the diamond to see if he could make a better living at golf. Only now has he completed his five years apprenticeship and become eligible to compete in the PGA.

Snead is favorite. He has blossomed into a consistently fine golfer, capable of giving anyone a riddle. Though Snead was the logical choice to beat him today, there was nothing foregone about it at all. However, some thought Byrd's two great qualifying rounds—67-72—might have earned him a little better break in the draw.

Only one player out-shot Byrd the last two days. That was Harry Cooper, the Minneapolis veteran, who recaptured his wizardry of a half dozen years ago to score 67-71—138 and win the medal. The only other player to do as well as Byrd was Corp. Jim Turnesa. Cooper's first round opponent was Mike Turnesa of Elmendorf, while Corporal Jim met E. J. Harrison of Camp Hill, Pa.

As for Snead, he steadied after his opening day's 73 and came in with a 71 yesterday, clipping a stroke off Sea View's par.

Other Matches
National open champion Craig Wood, who speared a pair of 70s to qualify in fourth place, drew Rod Monday of Toledo, Ohio, as his first opponent. Byron Nelson, the pre-tournament favorite, figured not to be seriously extended by Harry Nettleblatt of Avon, Conn. Ben Hogan drew Ben Loving of Long Meadow, Mass.

Another who, like Byrd, was extended no favors by the matching-up committee was Corp. Vic Ghezzi, the defending champion. He was paired against Jimmy Demaret of Detroit, who shot a brace of steady 72's the last two days. The Corporal was qualified automatically. Sax Parks, Jr., former national open champion, who qualified in a playoff with seven others at 147, faced a tough rival in Harold (Jug) McSpaden.

A Nelson-Hogan final, incidentally, would be an impossibility, as they are in the same half of the draw, along with Cooper. Wood is in the upper half with Byrd and Snead. Ghezzi and Demaret were scheduled to lead the procession at 9 a. m. (EWT) today, with the last pair, Ky Lafoon and Vic Bass of Keokuk, Iowa, leaving the tee at 10:30.

Arthur Pryor, the band master, conducted his first band when he was 21 years old at Denver.

Arthur Pryor, the band master, conducted his first band when he was 21 years old at Denver.

the defending champion. He was paired against Jimmy Demaret of Detroit, who shot a brace of steady 72's the last two days. The Corporal was qualified automatically. Sax Parks, Jr., former national open champion, who qualified in a playoff with seven others at 147, faced a tough rival in Harold (Jug) McSpaden.

A Nelson-Hogan final, incidentally, would be an impossibility, as they are in the same half of the draw, along with Cooper. Wood is in the upper half with Byrd and Snead. Ghezzi and Demaret were scheduled to lead the procession at 9 a. m. (EWT) today, with the last pair, Ky Lafoon and Vic Bass of Keokuk, Iowa, leaving the tee at 10:30.

STATE COLLEGE MADE FAVORITE IN IC4A MEET

By Harold Claassen

New York, May 27 (AP)—Short of its west coast representation for a third straight year, the sixty-sixth annual IC-4A outdoor track meet this week-end is strictly an eastern affair but that doesn't mean the record book may not be in for a bit of reworking.

The title-defending New York University aggregation showed that late Tuesday when a violet foursome anchored by Leslie MacMillen, passed together a 7:18.8 clocking for a mile and seven-eighths medley distance relay.

That was exactly seven seconds faster than the accepted American mark made 17 years ago by a New York A. C. outfit that included the speedy Jackson Scholz.

Although MacMillen, winner of the IC-4A mile crown the past two years hurried through his stint in 1:16.6 and stretched his 11-yard lead into one of approximately 135 yards, the new mark was as much the creation of Bill Hulise as anyone.

Hulise, who has beaten MacMillen but once in four years of trying at the mile and half mile distance, centered 880-yards in 1:50.7. Previously Frank Cotter had contributed a 49.8 quarters and Dave Lawyer a 21.7 furlongs.

The race was run in lieu of the customary Tuesday practice on Columbia's field with Fordham second and Manhattan third.

Spud Krist, Cardinal Relief Hurler, Registers 15th Win In Four Seasons

BRAVES BEAT GIANTS; KEEP SECOND PLACE

By JUDSON BAILEY

(By The Associated Press)

It is high time for someone to introduce Howard (Spud) Krist to the major league public because his pitching record for the St. Louis Cardinals is one of the most remarkable in the big show—15 victories and one defeat spread over four seasons.

The tall right-hander was overlooked last year when everybody was agog about Whit Wyatt, Kirby Higbe, Thornton Lee, the comeback of Lefty Gomez and the promise of Howie Pollet, but Krist won 10 games without a loss in 1941 and he has won two more without a setback this season.

Krist's speciality is relief and it was in this role that he earned his second success yesterday as the Cardinals curbed the Chicago Cubs 3-1 in ten innings.

Hurler's Duel
For seven scoreless innings the game was a pitching struggle between Max Lanier and Vern Olsen, making his first start since breaking two fingers on his pitching hand during the Cubs' spring training.

Terry Moore broke the spell with a homer in the eighth and the Cubs came roaring back in the ninth to tie the score.

Three men singled, one run was in and two were out when Krist stroled to the mound. He promptly forced Olsen to pop to shortstop Martin Marion. Then in the tenth Enos Slaughter and Coaker Triplett knocked in two St. Louis runs and Krist checked the Cubs although giving up a single and a walk.

In the day's only other National league game the Boston Braves retained their grip on second place by turning back the New York Giants 4-2 on the six-hit hurling of Al Javery.

Three of Boston's runs were scored in the first two innings off Lefty Cliff Melton, who had beaten the Braves three times last year and twice this spring without a setback. Eddie Miller and Nanny Fernandez worked a double steal that scored Miller in the first inning and in the second Chet Ross homered and Miller drove in another run with one of his three singles of the afternoon.

Eastern League

(By The Associated Press)

The trailing Springfield Indians finally found winning ways last night in the Eastern league behind the effective pitching of Southpaw Chet Covington.

They defeated the Binghamton Triplets 6-2 to end their current losing streak at eight games. The league's other consecutive streak also came to an end as Wilkes-Barre cooled off the Williamsport Grays 3-2. It was the Grays' first loss in five games.

Scranton hung the second consecutive shutout on Elmira's Pioneers as Harry Ulrich pitched a two-hitter to win 7-0. Hartford defeated Albany 2-0.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

Wide World Feature

New York, May 27—Baseball's big wartime test may be the twilight All-Star game here July 6. . . . If that doesn't draw a crowd, the ball clubs might as well figure on going on a week-end basis for the duration. . . . So far the customers have been turning out in great numbers on Sundays but even the Army-Navy relief games haven't pulled them in week-days except in Brooklyn. . . . Cleveland, out to beat the Dodgers' mark after a big newspaper buildup, drew only 7,959 last Monday and St. Louis did about the same. . . . Maybe this only proves that most folks are too busy working to win the war to take time off from their jobs to see ball games, but it also proves that there's a condition that the clubs will have to face. . . . P. S.: Did you notice the Dodgers and Phils played their twilight game in 1:28? . . . Apparently the way to make ball players hustle is to delay their dinners.

Mathematics Exam
Fred Hunter, the Red Sox scout, reports that ball players in the Big Ten are getting entirely too good at figures since they heard about the bonus Dick Wakefield got for signing with the Tigers. . . . Recently one kid he approached demanded \$15,000 for his signature and at the same time admitted he didn't know whether he could make the grade on the Sox Piedmont league farm. Hunter asked how come, and the boy explained: "Well, the Detroit club gave Wakefield \$45,000 and I think I'm a third as good a ball player as he is."

Other Matches
National open champion Craig Wood, who speared a pair of 70's to qualify in fourth place, drew Rod Munday of Toledo, Ohio, as his first opponent. Byron Nelson, the pre-tournament favorite, figured not to be seriously extended by Harry Nettieblatt of Avon, Conn. Ben Hogan drew Ben Loving of Long Meadow, Mass.

Another who, like Byrd, was extended no favors by the matching-up committee was Corp. Vic Ghezzi, the defending champion. He was paired against Jimmy Demaret of Detroit, who shot a brace of steady 72's the last two days. The Corporal was qualified automatically.

Sax Parks, Jr., former national open champion, who qualified in a play-off with seven others at 147, faced a tough rival in Harold (Jug) McSpaden.

A Nelson-Hogan final, incidentally, would be an impossibility, as they are in the same half of the draw, along with Cooper. Wood is in the upper half with Byrd and Snead. Ghezzi and Demaret were scheduled to lead the procession at 9 a. m. (EWT) today, with the last pair, Ky Lafoon and Vic Bass of Keokuk, Iowa, leaving the tee at 10:30.

Arthur Pryor, the band master, conducted his first band when he was 21 years old at Denver.

According to his wife, Capt. Bob Hoolahan of Manhattan, the last guy to win the I.C. 4-A indoor mile title before Les MacMittell got the habit, is awaiting appointment as an air corps cadet at Fort Bragg, North Carolina. He already has passed the exams. . . . Dale Jones, one of the Tigers' farmhands set free by Judge Landis a couple of years ago, has organized a ball team at the Detroit Navy Recruiting Office and is looking for games. . . . Speedy guys, those Packers.

Last Laugh
Down at the P.G.A. tournament, Corp. Vic Ghezzi encountered Sam Snead, who will go into the Navy right after the affair ends. . . . SNEAD VS BYRD GOLF MATCH IS FEATURE OF PGA

By GAYLE TALBOT

Atlantic City, May 27 (AP)—Sixteen exhausting 36-hole matches were scheduled today, in the opening round of the Professional Golfers association championship at the Sea View club, but about nine-tenths of the interest was concentrated on one battle—Sammy Snead vs. Sammy Byrd.

It promised to be a dinger. In fact, it was such a "natural" that both players and paying customers spent far into last night wondering why the tournament committee matched the pair at the outset of a tournament that will not end until Sunday.

Byrd is the former Yankee outfielder who quit the diamond to see if he could make a better living at golf. Only now has he completed his five years apprenticeship and become eligible to compete in the PGA.

Snead Is Favorite
He has blossomed into a consistently fine golfer, capable of giving anyone a tussle. Though Snead was the logical choice to beat him today, there was nothing foregone about it at all. However, some thought Byrd's two great qualifying rounds—67-72—might have earned him a little better break in the draw.

Only one player out-shot Byrd the last two days. That was Harry Cooper, the Minneapolis veteran, who recaptured his wizardry of a half dozen years ago to score 67-71—138 and win the medal. The only other player to do as well as Byrd was Corp. Jim Turnesa. Cooper's first round opponent was Mike Turnesa of Elmford, while Corporal Jim met E. J. Harrison of Camp Hill, Pa.

As for Snead, he steadied after his opening day's 73 and came in with a 71 yesterday, clipping a stroke off Sea View's par.

Other Matches

Ewell has won the crown in his two previous outdoor meets and another sweep Saturday would establish a record of nine outdoor titles. Alvin Kraenzlein, Penn's hurdling great of four decades ago, collected eight.

PREDICT VAST PRE-INVASION AIR ASSAULT

London, May 27 (AP)—Lieut. Gen. Brehon B. Somervell arrived here today to round out the United States Military mission conferring with British war chiefs, and London commentators predicted a united air assault was planned to blast the way for a future Allied landing on the German-occupied continental coast.

General Somervell is assistant chief of staff of the United States Army heading the supply division, which is charged with handling the thousands of tons of food, clothing and munitions needed to keep any major expeditionary force in the field.

Brigadier General Leroy Lutes, Charles P. Gross and William C. Lee accompanied him.

Hint Huge Attack
"Plans for a combined anglo-American attack on the Axis powers are being discussed," the Daily Telegraph said. "It can confidently be predicted that one outcome will be a great intensification of the air attack on Germany from the west."

The Daily Mail said a liaison system "which both the United States and the RAF have stated to be 'wholly acceptable' has been drawn up," providing for separate operation of the air fleets, but coordination in strategy such as the selection of bombing targets.

The Daily Express said "the Americans have numbers of dive-bombers," which many military experts regard as essential to furnish close support for any ground operations in modern war. Britain has few such planes.

Held Conference
The United States officers conferred with the corresponding officers in Britain's air, sea and land services.

The American mission is headed by Lieut. Gen. Henry H. Arnold, head of the Army Air forces, and Rear Admiral John T. Towers, chief of naval aeronautics.

Other members include Maj. Gen. Wight D. Eisenhower, head of the operations division of the War department general staff, and Maj. Gen. Mark W. Clark, chief of staff of the Army ground forces. The arrival of this group was disclosed in London yesterday.

\$500 Hello

Pittsburgh, May 27 (AP)—Albert Deangelo, who was on trial on a robbery charge, said he "guessed he pulled a boner" after he had been assessed \$500 for contempt of court—a charge growing out of his friendly "hello" to the foreman of the jury trying him.

Judge Lamoree also declared a mistrial in the case in which Deangelo and Elwood Getty, also of Pittsburgh, were accused of robbing a physician last March 19.
